

PSUK Funding Arrangement For Events

This report gives details of PSUK's events and the appropriate guidelines for funding arrangements, including the funding by PSUK, the Force Sports Clubs and Individuals.

In the compilation of this report it is recognised that PSUK's financial support alone would be insufficient to the success of PSUK Sports events, as such success is dependent on the contributions of individual 'Force Sport and Recreation Associations'. The Table below seeks to act as a guide to how Police Sport UK and Force Sports Associations may complement each other in the future financial support of Police Sport.

Table 1

GOLD: Indicates that the event is approved and that PSUK will provide finance towards the costs of the event. N.B. For GOLD fixtures it is expected that Force Sports Clubs will assist in paying for travel to and from the fixture, with PSUK paying for entry fees, and contributing to Meals and Accommodation.

SILVER: Indicates that the event is approved and that whilst PSUK Finance is not provided, individual Force Sports Clubs & Recreation Associations may wish to consider providing financial support to its members who have qualified to attend the event.

BRONZE: Indicates that the event is approved but should be considered as a self funded event by the individual taking part, although there is no restriction on Force Sports Clubs & Recreation Associations adopting some form of payments.

PSUK FINANCIAL GUIDELINES FOR FUNDING EVENTS.
